DISCOVERY SAILING CLUB MISSION, RULES, AND AGREEMENTS

The mission of the Discovery Sailing Club is to build community while providing fun, safe, and affordable water-based recreational opportunities for members and their friends.

CLUB RULES

You, and only you, are responsible for your safety on the water. Get all the safety knowledge you can & use it. Failure to follow club rules listed below may result in penalties up to immediate revocation of membership privileges, pending review by the executive committee.

Logbooks are a legal document wherein you are taking responsibility for the craft you are taking out. You are responsible for any damage occurring through use.

1. In order to use a craft, you must be a member in good standing and qualified on the appropriate fleet (based on individual fleet/craft qualification rules). As skipper you are responsible for yourself, your crew, and craft. This includes ensuring that you and your crew meet requirements to use a boat and responsibility for any damage caused through crew's action/inaction.
2. Ensuring the sea-worthiness of equipment prior to launch is the skipper's responsibility.
3. All members must abide by the rules of individual fleets when using that fleet's craft.
4. All craft must be signed out in the logbook.
5. Members are responsible for providing their own safety and sailing gear (wetsuits, PFDs, gloves).

Please initial next to each of the following points and sign at the bottom.

I have read and agree to support the DSC mission _____

I have read and agree to abide by the DSC rules _____

I will familiarize my guests with these rules _____

I understand all of the following:

- While DSC endeavors to provide me with opportunities and resources for training, my membership dues do not entitle me to free training. I am responsible for acquiring the necessary skills to operate various watercraft safely and effectively at my own expense as necessary.
- DSC is a volunteer-run organization and I will be asked to contribute occasional or regular volunteer time to the best of my ability. I will volunteer a minimum of 10 hours in support of the club's operation per membership year.
- As a co-owner of club property, I should respect and properly maintain all equipment as I would want others to do with my personal property.
- As a person with access to secure DSC property it is my responsibility to maintain the security of that property by keeping all appropriate doors, vessels, and safety boxes locked and by maintaining the confidentiality of combinations.
- The Jericho Sailing Centre is an entirely separate entity from DSC. As a DSC member I am also asked to join the Jericho Sailing Centre (unless I have opted out from using all club equipment except Aquavit). I agree to respect all rules and regulations of the Sailing Centre when I am on the premises.

I have read and signed the DSC liability waiver and recognize that DSC is not responsible for any harm or danger to me or those with me as a result of the use, proper or improper, of DSC-owned equipment.

DSC Annual Member Survey

To help the club support current operations and plan for the future please answer all 3 survey questions

DSC is an entirely volunteer-run organization and our club is only as good as the energy and time that people are willing to commit to it. By becoming a member, you have agreed to volunteer a minimum of 10 hours per membership year in support of the club. **Below, please select any activities for which you are willing to volunteer time for this year.** Please note that you do not need specific skills to complete any of these tasks – in every case someone with the necessary skill will supervise and train you to complete the tasks.

1. Volunteer activities (please circle at least two):

Rigging/De-Rigging Days (Apr/Oct) * Maintenance Crew * Club Night Help (1st & 3rd Thursdays Jun-Aug)
Outreach/Open House * Fundraising * Administrative Tasks * Big Brothers Event (July) * BBQ/Event Help

Do you have a professional skill you can use to support the club? _____

2. DSC has a number of key roles that must be filled to support the club's operation. Not only are these roles essential for the club to operate, but volunteering for these roles can be a great way to learn!

Fleet Captains

Description: Every vessel type in our fleet needs at least one individual who is qualified to orient new or current members to the vessel and to check them out as competent to skipper the craft. The Fleet Captain is usually a skilled and experienced handler of the vessel. More importantly, s/he is willing to take responsibility for coordinating the maintenance budget and schedule and leading assistant captains and other volunteers in completing maintenance. S/he will also coordinate the orientation and check out of new members on use of the craft, either personally or by delegation of assistant captains.

Assistant Fleet Captains

Description: This position does not require expertise, though some knowledge and history with the vessel is useful. Assistant fleet captains work with the fleet captain to orient new members to the craft and manage maintenance. This is a fantastic role in which to learn more about a vessel that interests you.

Training Coordinator

Description: This person or team of people does the administrative coordination (scheduling and communications) for all trainings sponsored by the club in a given year.

Please list below which, if any, of the above positions you are willing and/or qualified to take on.
(For captain/assistant captain positions, please list all vessels for which you could act in this capacity)

3. Please circle all vessels in the fleet which you normally use or plan to use this year.

SUPs * Kayaks * Lasers * Tasers * Vanguard * Bombardier * Hobie Cats * Light Spirit (Keelboat)

Thank you for doing your part to keep our club strong!
